Grana - Daily Expenses

It is very important to organize your money, but if you have never had much patience or discipline to track all your expenses in those other expense manager applications, then Grana might be the right app for you.

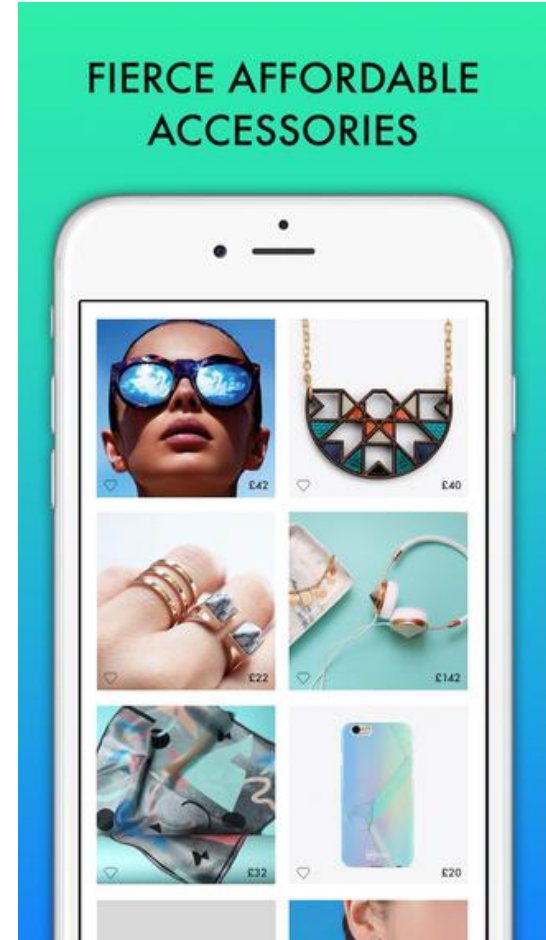

Grana is the most simple and clean expense manager you have ever seen. In just a few seconds you can add expenses, incomes, manage and edit categories as well as analyse all your personal finance statistics. The best part is that you can do this without giving your bank credentials or password.

All the details of this application were designed to make your life easier. From its interface, clean and without many buttons and menus in all corners of the screen, to its features, summarized to what you really need.
